E

Orniger extollit Moses virtute Calebum
 Iudæum; & tua te virtus ad sidera tollit,
 Tradita diuinis eadem cui nomina fatis.
 Miserrat huc Moses, peragens mandata Tonantis,
 Nosceret vt terram dudum longeq; petitam,

Nosceret illius fundosq; hominesq; domosq;
 Elucet satis hic pietas, prudentia, virtus:
 Insurgunt reliqui, diuino hic solus ab ore
 Pendet, & indomiti composcit murmura vulgi,
 Frangitur haud rabie populi vitæue periclo.
 Et primus potuit patribus promissa videre.
 Conueniunt huius tibi præmia, nomina, virtus.
 Et tibi diuino hæc iniuncta est numine moles,
 Frondescens olim tibi quò commissa iuuentus,
 Imperium patriæ discat moderariæ vrbs,
 Antiqua valeat virtute & ducere vitam,
 Non es magnatum, non vulgi fretus opum vi,
 Exstitit æthereæ comes at spes sola salutis.
 Nec te paupertas, nec te mælesuada voluptas
 Flectere nouerunt recto desistere gressu.
 Hæc tua te virtus animis adiungere magnis
 Ergo potest. Potuit certè satis ipse probabis.
 Quæ dare Musa solet, nunc accipe ferta Calebe,
 Serta Calebe tuis dudum connexa capillis,
 Faxit perpetuò DEVS hæc vt ferta virescant,
 Ætheream donec placidus mittaris ad arcem.

Henricus Reiserus Lubecensis.

A L I V D.

Ergo tuum meritò iam num decorabit honore
 Phæbus Apollo caput.

Sic virtus meruit, sic culta gloria lingua,
Sic vigor ingenij,
Sic: quia laudatus pectus coluisse per artes:
Anxia cura fuit:
Non salso per fusa ioci mordacis aceto,
Verba proteruis amas.
Nulla supercilij nubes, simulatio nulla,
Fraus tibi nulla placet,
Ore fides, stat fronte decor, sub pectore candor,
Gratiaq; alma sedet:
Iam verò à cœpto nunquam deflectere cursus
Docte CALLEBE velis,
Quin age, quò possis, tali suffultus honore,
Vtilis esse DEO.
Sint cura iuncti consanguinitate: sit ipsa
Patria cara tibi.
Sic Musæ & Charites tandem maiora rependent
Dona CALLEBE tibi.
Atq; ego, qui tenui nunc carmina mitto Camœna
Tunc meliora dabo,
Ipse nouis titulis latus modo, viuito felix
Non Patre laude minor.
Aeternum vigeant, tua qua nunc tempora circum
Florida ferta vigent,
Sic ego: Laurigeri sic optat pectore leto,
Candida turba chori.
Georgius Henricus Bolfrasius.

ALIVD.

I Am Phæbi radijs terra resoluitur,
Et gaudet Zephyri fota teporibus,

Ornat

Ornat suaueolis prata coloribus

Veris purpurei nitor.

Vernat blandifono gutture Daulias,

Et doctis volucres aëra vocibus

Mulcent, in viridi, tecta, cacumine,

Et cunas teneras struunt,

Iam ducunt socios Naiades choros,

Iam Flora, & Dryades, iam Venus aurea,

Et trina Charites, per gelidum nemus

Plausus ingeminant novos,

Iam Phæbus studijs clara palatia,

Iam Muse Viadri tecta colunt domus,

Quas inter, nitido splendida tegmine

Virtus eminent inlyta

Astat diuitijs, diuitis India

Et gemmis, potior, Splendidulus HONOR,

Perpulcra, in manibus, ferta, tenens, mali.

Sudoris precium bonum.

Fulget cum Violis Laurea nobilis,

Fulget ruta virens, fulget amabile

In seroto viridis Rosmaris, & rosa

Fulget suaue rubens color.

Hoc donum referet, quem labor improbus,

Per casus varios, duxit ad athera,

Cui quasisse fuit dulce sub abditis

Eructus nominis arduos.

Ergo latitiam pectore nutriant,

Et sperent precium, qui sapientiam

Hauerunt alacri pectore, premia

Sperent digna laboribus.

Et tu quem pietas, quem probitas facit

Clarum, plaude etiam, plaude Trigophore,

Iam sortis rigida post mala plurima

Optatam requiem cape.

Nil obstare potest, quo minus ex tuis,

Iam tandem referas commoda, serijs,

Pro cura vigili, proq; laboribus,

Pro summo studio tuo:

Carpit magnificum militia labor

Munus, pro patria vulnera fortiter

Passus, tristitiam leticia noua

Compensat precio nouo:

Tu qui delicias, monstraq; grandia,

Qui matrem sceleram segenitiem domas,

Non tandem referas premia, qua parat

Virtus mista laboribus?

Non sic accipies splendida nomina,

Insignes titulos, perpetuum decus,

Nam vitam pietas ducit, & inchoata

Virtutis studium regit.

Virtutem sequitur gloria nominis,

Verum parta venit mille laboribus,

Nunquam laudis inops tempora transiit

Qui Diua sequitur viam.

Iam iam spina iacet, iam labor anxius

Dulcescit, referes, grata, capillulis,

Qua nullo Boreae frigore marceant

Aestu, serua, nec ardeant.

Nos iam letitiam carmine debitam

Testamur, Viadri fluminis accole,

Miscemusq; hilares gaudia cordibus,

Ornantes violis caput.

Iohannes Henricus Lygnicensis F.

Aliud.

A L I V D.

Horrida cessat hyems: languescunt frigora bruma:
 Gramine terra nouo solumq; fronde viret.
 Germina multa tamen penetrabile frigus adussit,
 Quae quasi detonsa mortua fronde iacent.
 At quae non hyemis frigus non flabra, nec imbres,
 Extinxere, suo flore beata manent.
 Sic varia riguo planta nascuntur in horto,
 Quem pariter Phoebus, quemq; Minerua colit.
 Multis efficiunt inopino frigore nymbi,
 Et labor, & longa rædia magna mora.
 Heu mihi quot gemitus imo de pectore fundit,
 Hoc damnum quoties noster Apollo videt.
 Non tamen est hyemi vis cunctis vna nocendi,
 Sunt quas durities ledere nulla potest.
 Nec te poenituit tolerare CALEBE labores,
 Ergo tibi lata tempora fronde nitent.
 En circum Charites saltant, tua cura, puella,
 Doctus & argutum carmen Apollo canit.
 Parce Leo planta, vos parcite floribus Austri,
 Incolumis maneat plantaq; flosq;, diu.
 Ergo CALEBE, Deo sacrum decus, accipe flores,
 Quos labor & virtus carpere debet habes.
 Hos ego cum Musis meritis tibi grator honores,
 Et precor, vt multis commodus esse queas.
 Georgius Bolfrasius F.

A L I V D.

Ergo Calebe tua tandem poteris amica?
 Incidit in casses prada petita tuos?
 Num victus, quam luce tibi quam nocte puellam
 Quasisti, gnatam mitis Apollo dedit?

Connubio

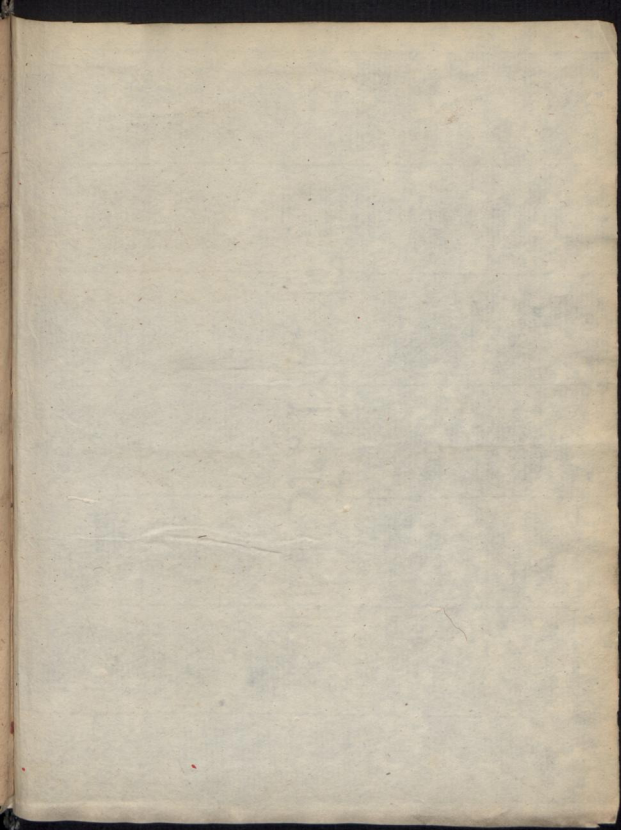

Connubio Sophiam iunxit, sociamq; dicavit?
O studia ô tali munera digna Deo.
Tolle Calebe caput, pia concipe gaudia mente,
Tendit in amplexus, diua puella, tuos.
Numine concessam, sponsum complectere sponfam,
Quaq; nouo fecit nomine ferta gere,
Det Deus vt tecum multos hæc impleat annos,
Ac te multiplici germine nosq; beet.

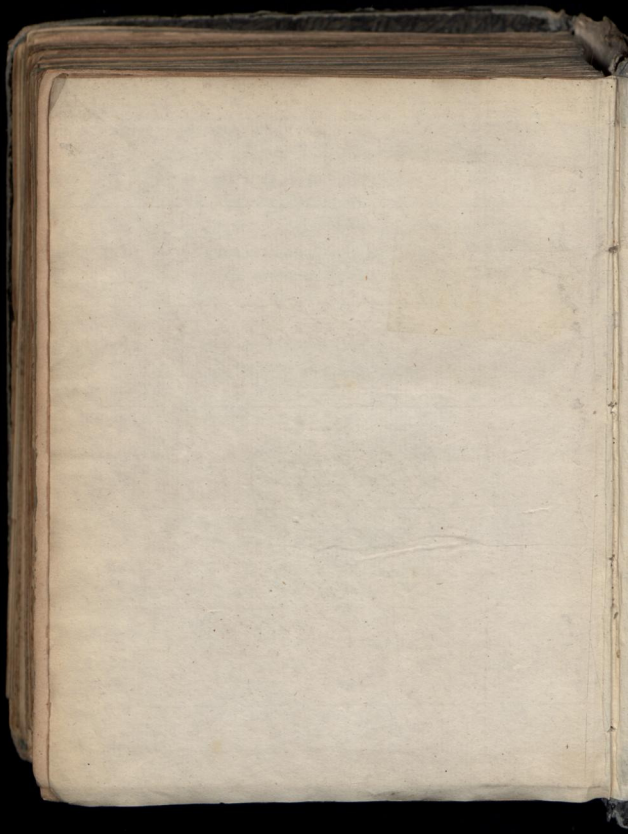

Alhardus VV eingertner Verdenſis.

A L I V D:

AVrea iam letam roseis Aurora qua drigis
Aduerſat axe diem,
Munera qua doctis precioſa rependit alumnis
Phœbus Apollo ſuis.
Et quia cura tibi Sophia luſtrare reſeſſus
Docte CALEBE fuit:
En tibi felicis dulciſſima præmia palmæ
Laurea ferta feret.
Quæ cape, nec magni nunc reſpue ſigna decoris,
Dona Magiſterij.
Hæc pridem meruit virtus, bonitasq; fidesq;
Vita modeſta, labor.
Iam tibi perfectos dulce eſt meminiffe labores,
Laudis inire decus.
Ergo CALEBE tibi partos nunc grator honores,
Fataq; longa precor.
Grata DEO facias, homini ſeruire paratus,
Et bonus eſſe tuis.
